Outdoor Education Program

Teacher Guide

This guide provides information for the teachers and sponsors who will be attending a standard outdoor education event at Mt. Aetna Camp and Retreat Center.

Mt. Aetna Camp and Retreat Center is a Christian facility dedicated to the care and instruction of God's children, young and old alike!

General outline

Our standardized curriculum includes four field science/nature classes, team challenge exercises, and high challenge or tower challenge activities depending on grade level.

The schedule is listed on the back of this brochure, but is subject to revision due to weather, staffing changes, or class size.

Students will usually be assigned to groups of 8 to 15 for classes and challenge course activities. A school sponsor will need to participate with each group to provide supervision. Groups are normally divided by grade level, but other methods may be used. MACRC staff will consult with school staff to determine the most advantageous division.

Fees and payment

Our standard program includes two nights lodging, seven meals, several challenge course activities, and four classes for one inclusive price per student.

Your school will be invoiced after the event as your attendance numbers may change.

Sponsors & supervision

The school is required to provide one adult sponsor for each group of 8 children. In addition, each school needs to provide a gender specific sponsors based on their student ratios.

Discipline and supervision of students is the

responsibility of school staff and sponsors at all times. We understand the need for sponsors to have a little down time, but not at the expense of adequate supervision.

Our *Release of Liability and Medical Information* form, included in the *Student and Parent Guide*, is specifically designed for Mt. Aetna Camp and Retreat Center needs. In addition to our form, you should require a separate signed permission slip that complies with your standard overnight field trip requirements.

There are certain basic safety guidelines that we expect all sponsors to enforce, in addition to those outlined in the policy guide.

- Boys are to stay out of girls cabins, and girls are to stay out of boys cabins.
- Pranks and rough horseplay are prohibited.
- Students are prohibited from climbing on or under buildings or camp maintenance equipment and vehicles.
- All signage is to be obeyed.
- The "Do Not Bring" list printed in *Parent Guide* is mandatory while on campus. Use or possession of these items while on school provided transport is at the discretion of the school.
- On safety matters, MACRC personnel have final say.

See the *Policy and Guideline Brochure* for additional information.

Lodging

Outdoor school groups are lodged in heated & air conditioned cabins. Most cabins sleep eight students in four bunks and a sponsor on a cot.

Each cabin is equipped with a sink, laundry tub, toilet and shower. Mattresses are provided, but guests must provide their own linens or sleeping bags, pillows, towels, wash cloths and toiletries.

Food service

Full food service is provided to outdoor school groups on the standard plan. Meals are served cafeteria style. The serving line is open for 30 minutes per meal. Tables are dismissed one at a time.

Meal service includes one trip through the line. Seconds may be available at the discretion of the food service staff.

We serve lacto-ovo vegetarian meals. That means we use eggs, milk and cheese, but serve no meat, fish, chicken, or seafood. Full vegan options are also available. Please let us know two weeks in advance if you have students or staff with special dietary concerns.

No caffeinated drinks are served at any time.

Please provide us with your final participant count two weeks in advance of your arrival
